Lloyd is set for trial at Logan, Ia., to-

morrow. "Squire" Barnett has been

subpoenaed as a witness and leaves for

Where are the Caledonians? So far

as heard from there are none of the

enthusiastic preparations for celebrat-

ing Burn's birthday, which character-

ized last year's celebration.

There were but two offenders in the

police court yesterday. J. McAuley

contributed the regular \$7.00 saloon

assessment, and Austin Wilson, charged

with vagrancy was released.

Woman's Christian association at the

hospital, on the corner of Sixth avenue

and Ninth street, Monday afternoon at

3 o'clock sharp. Everyone is welcome.

The thermometer ranged from 12 to

15 degrees below all of yesterday. At

high noon it was 12 degrees below.

"Squire Biggs, one of the oldest resi-

dents, declares this beats all records of

cold weather here.

Captain Messinger, formerly of the

dragoon light cavalry, was sent from Omaha

to this city during the blizzard. He is

now thawing out one side of his face,

and congratulating himself that he is

still alive.

The firm of Cooper & Judson, loan

brokers and real estate agents, has been

discontinued by mutual consent. Mr. C. H.

Judson retiring. The business will be

continued at No. 130 Main street by Mr.

W. S. Cooper.

Last Friday night the water was not

shut out of the pipes at St. Paul's

church, and as the fire in the furnace

was allowed to go down the pipes froze

and were discovered yesterday morning

to be badly bursted. As a result there

will be no services at that church to-day.

For several days J. H. Christian has

been posting the markets upon the

boards of Moore & Kiplinger. As he re-

ceives them every fifteen minutes during

the time the Chicago board of trade is

in session, these quotations are correct.

He will move his office to that room

within a few days.

Several horses were left standing in

the street without blankets yesterday

while their drivers toasted their shins

and drank beer in the saloons. There

seems to be a good opening for Henry

One of the Strays.

The horse belonging to H. C. Irey,

of Omaha, which was lost in a runaway

Thursday afternoon during the sleigh-

ing carnival, was found yesterday morn-

ing by Captain O'Brien, of the police

force, in a clump of willows about two

miles west of the city. The animal had

evidently been there for some time, as

the lines had become entangled in the

bushes, and he was held fast. He was

so chilled as to be scarcely able to

move, and the officer had hard work to

get him to the city, where he was placed

in Bray's stable. The owner was not-

ified and came across after him, but he

was unable to be moved. The animal is

a very speedy pacer and quite valuable.

There is no question but what he would

have frozen to death had he not been

found. Mr. Irey was much pleased to

regain possession of his property, as he

had about given him up.

Money to loan. W. S. Cooper.

A Snap.

Court House Dedication.

The members of the Council Bluffs

bar held a meeting yesterday afternoon

at the office of Sapp & Pusey to make ar-

rangements for a proper dedication of

the new court house, which is nearly

completed. A committee of nine was

appointed to confer with the board of

county commissioners, and perfect all

arrangements. The members have

taken the matter earnestly into consid-

eration, and there is no doubt but what

the ceremonies will be very imposing.

It will be the duty of the architect

of the court house, which is located

on the corner of Sixth and Ninth streets,

to have the building ready for occu-

pation by the first of next month, at

which time the dedication will be held.

The date of completion is not known at

present, but it will probably be about

the last of next month, at which time

all plans for the dedication will be in

readiness. D. C. Blumens is chairman

of the committee, and has the matter in

charge. The bar of the city takes just

pride in the new building, and could

not allow the occasion of its completion

to pass without fitting notice.

Distributing the Gifts.

Henry Eismann & Co. have made all

preparations for the giving away of the

100 presents offered to their customers.

The presents are varied and many of

them very valuable. The distribution

is to be by chance, the numbers to be

placed in a large glass wheel, and to be

drawn by a blind-folded boy. The fol-

lowing citizens have been selected to

take sole charge of the drawing and see

that the distribution is made fairly and

squarely: Spencer Smith, H. W. Til-

ton, Thomas Bowman, J. M. Poland, H.

W. Thompson, H. E. Grimm, W. H.

to yesterday and not one of them had

any soft coal. All the dealers' stock

well supplied with hard coal, but on all

sides are predicted an increased

scarcity of soft. There seems to be no

special reason assigned why there

should be such a large supply of hard

coal and so little soft coal. Dealers

remarks that out of the forty mines in

Iowa only seventeen are being operated,

but there is no reason given why the

others are not operated. Whatever

may be the cause of the scarcity, the

effect will naturally be to force con-

sumers to buy hard coal instead of soft.

The outlook for those who are trying to

economize on fuel is not very pleasing.

Concerning the Churches.

To a person seeking for a home or a

place to make permanent investments

nothing is more important in recom-

mending a city as its morals. Its edu-

cational advantages are examined; its

churches are numbered and a full inven-

tory made of all factors important to the

constitution of society, and as a city is

abundant or lacking in these essentials,

so will it be accepted or rejected by

those who desire a home and business

where law and order are maintained

and the investment a capital success.

The moral status of the youth is a safe

criterion of judgment as to the future.

To ascertain this the Sunday schools fur-

nish many important facts, and believ-

ing that the entire community are in-

terested in this matter the BEE heret-

with introduces a series of articles upon

the Sunday schools of Council Bluffs.

The Broadway Methodist is the first

noticed, it being the first on the list to

organize its youth in this work. The or-

ganization of the youth is of course in-

terested with the church. From the first

growth has been steady, not only in

numbers, but in stability and other

characteristics which make it a power

for good in the community. Its growth

has kept pace with the increase in

the population of the city. To its

friendly and christian ministrations

many a boy, now grown to man's estate,

owes his success, and his early associa-

tions here are among his most cherished

memories.

The officers elected to serve during

the ensuing year are as follows: L. W.

Tulleys, superintendent; Henry Cook,

assistant superintendent; Miss Elsie

Brenneman, secretary; Miss Fields,

librarian; Miss May Dale, organist; J. N.

Brown, chorister. The instruction

by classes is as follows: Adult bible

class, the pastor (Rev. W. H. W. Rees);

during the present year; young ladies

bible class, Mr. C. Allen; infant class,

Mrs. Dr. Snyder. (This class numbers

from sixty to one hundred little ones.)

The other classes are presided over by

Mrs. W. H. W. Rees, Mrs. L. W. Tulleys,

Mrs. Orcutt, Mrs. Arthur, Miss

Jennie Friedenberg, Mrs. J. N. Brown,

Miss Sims, Messrs. J. N. Brown, C.

Driver, L. Knotts, C. Brown, W. Paul-

son, Gilbert and E. L. Welch. The Berean

series of lessons are generally used

throughout the school. The collections

are made by classes, each class being

credited with its own contribution. The

average collection per Sunday during

the year is about \$4.50. This is ex-

pected for the benefit of the school in

purchasing supplies and other ways, as

that body may determine. The aver-

age attendance is about two hundred

and twenty-five. The literature of the

school is furnished in the library, which

numbers between one hundred and fifty

and two hundred volumes, to which is

added large lists of the Northwestern

and New York Christian advocates.

The doors of the school are open to all,

and a standing invitation is extended to

old and young to come and learn the

"way of life" together.
